4 ALLOCATION OF RACE NUMBERS

4.1. Specific to “priority” competitors and sporting success

Allocated number plate for “priority” riders list corresponds to their placing on the start line. The number of riders on each qualification or race runs is also taken into account. However, the sequence displays of the front lines are linked with riders sporting success. Each competitor is **personally responsible** for posting its sporting results during the registration phase in the “**palmares**” **check-box**. A certification of « sporting success » or specific access criteria may be asked by the Organisation or in the case of a complaint.

Example: for heat races with 100 racers; N°1 to 25, N°101 to 125, N°201 to 225 etc...

4.2. Other competitors

Numbers plates are allocated in the order in which riders have registered, date as per postmark and internet registration.

This order of registration determines the position of each rider on the qualification and races start lines.

For example:

- 5 « Priority riders » + 5 registrations of “sporting success” riders + 15 registration on 1/01/N to 15/02/N period form the line of the 1st, 2nd, 3rd... wave of qualifications or races runs.

- 25 registrations on the 16/02/N to 15/03/N period form the second line of the 1st, 2nd, 3rd,... wave of qualifications or race runs.

- Etc...

- Etc...

4.3. Ladies

The same process is applied for the **Ladies** categories. They do have grouped and consecutive number plate. Those number are allocated following their “sporting success” and their order of registration, date as per postmark and internet registration.
